## SECTION V. EMERGENCIES INVOLVING ANIMALS

### a. *Hopelessly Disabled Animals*

Licensed veterinarians, federal, state and local law enforcement officials, Animal Services Officers and those authorized by the County Manager to administer and enforce the provisions of this Ordinance, in each case while acting within the scope of their authority, are authorized to induce the death of hopelessly disabled animals by an appropriately humane method.

### b. *Contagious Animals*

1. In any situation deemed appropriate by an Animal Services Officer involving a sick, diseased or infected animal which sickness or disease, in the opinion of a licensed veterinarian, or an employee acting within the scope of his authority of the County or Georgia Health Departments or the Federal or Georgia Departments of Agriculture, will likely spread to other animals or humans, an Animal Services Officer may impound and take custody of any such animal, the animal shall be isolated, and the owner and custodian of such animal shall be promptly notified. If the owner or custodian cannot be located, the owner or custodian fails to take immediate steps to remove the animal from impoundment and take immediate steps to isolate the animal to properly eliminate the likelihood of infecting other animals or humans or otherwise spreading the sickness, disease or infection, or, if in the opinion of a licensed veterinarian, destroying the animal is the most reasonable course of action to eliminate the health or safety risk of the animal spreading the sickness, disease or infection, then in any such event, the infected animal shall be humanely destroyed in accordance with OCGA § 4-11-5.1.

2. The owner of any such animal impounded pursuant to this subsection shall be liable to the County for all fees, costs and expenses related to the impoundment, boarding, treatment and destruction of any such animal.

c. *Vicious Animals*

Except in the case of dogs, to which section XIII applies:

1. Any animal that without provocation has (i) killed, bitten or otherwise severely injured a person (excluding injuries resulting from an equine or llama activity as defined in OCGA § 4-12-2 and injuries resulting from activities for which the law similarly provides immunity to the animal's owner or custodian from liability) or another domestic animal, (ii) repeatedly chased or otherwise threatened persons or other domestic animals in a vicious or menacing manner indicating a reasonable likelihood that the animal will cause imminent physical injury, (iii) repeatedly caused significant damage to the property of other than that of its owner or custodian, in each case may be immediately confiscated and held by the Animal Services Officer, any law enforcement official, or those authorized by the County Manager to administer and enforce the provisions of this Ordinance, while acting within the scope of their respective authority, pending a hearing (if so needed) by the Animal Control Board to determine whether such animal should be destroyed as a public nuisance. The owner of any animal that has been so confiscated shall be given notice of said animal's confiscation. The notice to the owner shall be in writing and sent by certified mail or statutory overnight delivery to the last known address of the owner. The notice shall give a description of the animal and set forth the reasons that the animal has been confiscated, together with the date, time, and place of the hearing (if so needed) set forth below before the Animal Control Board.

2. A hearing before the Animal Control Board shall be scheduled within fifteen (15) days from the date of notice to the owner of the animal's confiscation to determine if the animal should be destroyed as a public nuisance. At said hearing, the owner of the confiscated animal shall have the right to present testimony and evidence as to why the animal should not be destroyed as a public nuisance. The Animal Control Board, after receiving all pertinent testimony and evidence on the matter, shall decide whether the animal shall be destroyed as a public nuisance. In making its decision, the Animal Control Board shall consider whether the animal constitutes such a physical threat to persons or other animals, or of significant destruction or harm to property, by virtue of one or more unprovoked attacks on persons, other domestic animals, or physical property that destruction of the animal is reasonably necessary to protect the health, welfare or property in the County. If the Animal Control Board decides that said animal should be destroyed, then the owner shall promptly be given written notice thereof, and the animal shall be humanely destroyed any time after five (5) business days after the date of

such written notice of the decision of the Animal Control Board in accordance with OCGA § 4-11-5.1.

b. Any dog, while off the property of the owner or upon any private property without the consent of the owner of the property, shall be under restraint by its owner or custodian.

c. No owner or custodian of any animal shall fail to exercise proper care and control of such animal to prevent the same from becoming a public nuisance.

d. Every female dog or cat, which is not sterilized, during the period it is in heat shall be confined in a building or other enclosure in such a manner that such female dog or cat cannot come into contact with another animal of the same species or breed, except for planned breeding.

e. Any animal, whether on or off the property of the owner or custodian, which according to the records of an appropriate authority is a dangerous dog or a vicious dog, or has without provocation killed, bitten or otherwise severely injured a person, or repeatedly chased or otherwise threatened persons in a vicious or menacing manner indicating a reasonable likelihood that the animal will cause imminent physical injury, shall at all times have implanted into such animal an identification microchip which is registered with Animal Services.

#### **SECTION VII. RESTRAINT OF GUARD OR ATTACK DOG**

a. Every owner or custodian of a guard or attack dog shall keep such dog confined in a building, compartment or other secure enclosure. Any such building, compartment or enclosure shall provide adequate shelter.

b. All anti-climbing devices required by this section shall extend inward at an angle of not less than forty-five (45) degrees nor more than ninety (90) degrees when measured from the perpendicular.

c. Any person finding an animal at large upon his property may use reasonable means to remove the same to the Animal Shelter or hold the animal in his own possession, and as soon as possible, notify Animal Services. The property owner shall provide a description to Animal Services of the animal and the name of the owner, if known. Animal Services shall dispatch an Animal Services Officer to impound the animal as soon as possible.

d. Any Animal Services Officer or other person authorized under this Ordinance who seizes and impounds an animal pursuant to this Ordinance that cannot be housed at the Animal Shelter shall be authorized to contract with and arrange transportation of the animal to a private farm or other appropriate facility which agrees to accept and humanely care for such animal. 3.     Notwithstanding the foregoing paragraph of this subsection, the owner or custodian of an impounded animal may reclaim the animal from the Animal Shelter for the fees applicable to adopting the animal provided the owner or custodian of the animal permits Animal Services to sterilize the animal and to implant in the animal an identification microchip registered to Animal Services before the animal is released to the owner or custodian, in which case, in the event of a

subsequent impoundment of the same animal owned by or in the custody of the same person, the impoundment fee for reclaiming the animal and the daily boarding fee for the subsequent impoundment shall be the impoundment fee for reclaiming the animal and the daily boarding fee applicable to a first impoundment of the animal.
